

Individuals Certified in Clinical Engineering

The following individuals have received Certification in Clinical Engineering through the Certification program sponsored by the American College of Clinical Engineering and administered by the Healthcare Technology Certification Commission. Examination conducted by the US or Canadian Board of Examiners for Certification in Clinical Engineering. The definition of a Clinical Engineer is a professional who supports and advances patient care by applying engineering and managerial skills to healthcare technology. Certified Clinical Engineers have met eligibility requirements of education and professional experience and professional references, and have passed both a written and oral examination process. Please contact the HTCC Secretariat at certification@accenet.org for questions.
