

Qualifications

According to ACCE bylaws, an applicant is qualified for Individual level if they:

- Demonstrate evidence of **professional practice of engineering in a clinical environment for at least three years**

And meet **one of the following four conditions:**

- I possess a **Baccalaureate degree in an Engineering discipline or Engineering Technology** from an accredited College or University; (or Foreign equivalent), or
- I possess **Certification as a Clinical Engineer (CCE)** by the International Certification Commission for Clinical Engineering and Biomedical Technology, or
- I can demonstrate at least three (3) additional years of Clinical Engineering practice in a position of responsibility beyond the basic three (3) year requirement; or
- By **recommendation of the Membership Committee in recognition of exceptional contributions, consistent with the criteria established by the Board**, to the profession of Clinical Engineering.
- REQUIRED:** attach your most recent detailed curriculum vitae/résumé that explains your professional credentials and your years in Clinical engineering work and include a sentence or two for each work experience to show it is engineering work.

I hereby state that this application is correct to the best of my knowledge:
