ACCE BOARD ALERT: Notice of Cancellation

Dear ACCE Members, Symposium Speakers, and Sponsors,

As many of you are aware, AAMI Exchange 2021 is set to take place on June 4-7, 2021 in Charlotte, NC. CDC continues to recommend that large gatherings be avoided, particularly those in which physical social distancing cannot be maintained between people who live in different households. Indoor events, especially in places with poor ventilation, pose more risk than outdoor events. In addition, events that last longer pose more risk than shorter events and events with more people increase the likelihood of being exposed.

Given this current information from CDC, the inability of our members to travel, and to protect the health of our members and their families, we will be canceling the in-person ACCE Clinical Engineering Symposium and the ACCE Awards Reception at AAMI Exchange. While we were looking forward to these events, the information sharing, and the networking possibilities; we are aligned with CDC in order to help “protect the health and safety of our community, their families, and their respective communities”.

ACCE is still waiting to confirm if we can hold the CCE Oral Examinations in Charlotte.

ACCE will provide more information as it becomes available.

Thank you,

Ilir Kullolli
ACCE President
