

For Immediate Release

May 25, 2017

ACCE's letter to US House of Representatives Energy and Commerce Subcommittee on Health

Dear ACCE Members:

ACCE was contacted by several members expressing concern about the US House Bill [H.R. 2118 - Medical Device Servicing Safety and Accountability Act](#), introduced on April 25, 2017.

ACCE's leadership sent a letter to Mr. John Stone, counsel for the Subcommittee on Health of the US House Representatives and Ms. Kimberlee Trzeciak, ranking counsel, stating ACCE is concerned about the possible adoption of H.R. 2118. The letter was sent on May 17 in order to reach the subcommittee prior to its hearing on May 18, 2017.

Please [click here](#) for a copy of the proposed House Bill H.R. 2118.

Please [click here](#) to read the letter stating ACCE's position on H.R. 2118.

If you have any comments about this Bill or ACCE's letter, please let me know.

Sincerely,

Petr Kresta, ACCE President
