

Join us in welcoming ACCE's New President-Elect

---

**Thank you to our outgoing President-Elect  
Ismael Cordero**

ACCE's Board of Directors commends Ismael Cordero for his leadership and dedicated support to ACCE as President Elect (March 2015 - September 2015), and as Member-at-Large (August 2012 - February 2015).

---

**ACCE welcomes its new President-Elect:**

**Petr Kresta, M.H.Sc., P.Eng**

Petr Kresta is the Regional Director for the Clinical Engineering Program and Technical Director of the Diagnostic Imaging Program of the Winnipeg Regional Health Authority, Winnipeg Manitoba, Canada. The Programs cover 2 tertiary/quaternary care hospitals, 4 acute care community hospitals and 3 long term care hospitals and one ambulatory sports medicine surgicentre/clinic. He is the immediate-past chairperson of the Healthcare Technology Certification Commission that manages the certification program for clinical engineers throughout the United States and Canada. Mr. Kresta is the Vice-Chair of the Board of Directors of the Canadian Medical Equipment Protection Plan. He is a member of the Canadian Medical and Biological Engineering Society (CMBES) Peer Review Committee and has completed four peer review inspections of in-house biomedical engineering programs across Canada. Mr. Kresta is a member of the CMBES and the American College of Clinical Engineering. He has participated as a faculty member on 5 Advanced Clinical Engineering Workshops in Latin America. Mr. Kresta is a registered professional engineer in the province of Manitoba, holds a Master of Health Sciences Degree from the University of Toronto and a Bachelor of Science in Electrical Engineering from the University of New Brunswick.
